Subject: Oppose H.B. 6656

Dear Committee Members:

I'm writing to you in strong opposition of the legislation being proposed of firearm and self defense insurance for gun owners.

I strongly believe this is just a way to punish law abiding gun owners and further promote gun control. It does nothing to stop criminals from owning and using guns. Regardless of where we each stand on owning or not owning a gun, mandatory or voluntary insurance, or no insurance at all, it is important to consider one simple thing: we cannot control violence by regulation. Criminals will always find a way around the laws. Please don't push this unneeded and unjust regulation upon us.

Sincerely,

Robert Nelson
